Subject: DPS Strike
Date: Tuesday, February 12, 2019 8:14:16 AM

Dear MCE Community,

Today is the second day of the DPS strike. We do not have any additional information at this time but again hope that this will be short lived and that it will resolve very soon.

I know that this is stressful for all involved. Watching the strike, listening to the rhetoric, thinking about the impact on families and children can all be very disturbing. Many of you have family members who work in DPS and/or children who attend school in DPS which can also be stressful. Please remember to take care of yourselves during this time. DU has resources for students and for employees. Below is the link to the website and the phone numbers. Please reach out if there is anything we can do for you and we will keep you updated when we have more information to share.
